

STONEMWORK COVERED

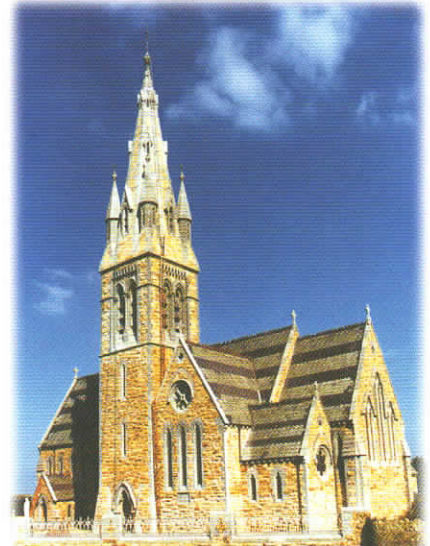

.....FROM TOP TO BOTTOM

**Cross Repairs and Conservation
St. Peter's, Drogheda.
Architect, Turlough McKeivitt**

STONE CLEANING & RESTORATION

A growing aspect of our services has been the external cleaning and restoration of churches and historic buildings. New methods of cleaning and treatment have evolved over the years and materials now available afford greater improvements to the fabric of restored buildings. Lime mortar repointing in particular is now a refurbishment much in demand.

**Restoration of
Ballingarry Church, Co. Limerick**

Recognised bodies such as the Office of Public Works, National Building Agency and the Irish Georgian Society have all engaged our services.
